

## PURPOSE

Cleaning I.D. of tubing or seating nipples.

## ASSEMBLY PARTS

1. Fishneck
2. Sleeve
3. Mandrel

## DESCRIPTION

Looks similar to a wax cutter with the exception that larger holes are required to fit short sections of thin stranded cable.

## NEW VERSION OF THE TUBING BRUSH

The new version has a removable top sub which threads onto a main body tube.

Inside the main body tube is a plunger the length of the tube with cross holes for short cables drilled through both body tube and plunger.

When the cable sections are placed through the holes, installing the top sub to the main body tube pushes the plunger securing the short cables in the tube.

The top sub is locked to the main body tube with a set screw.

Nominal Size		2"	2.50"	3"
Assembly Number		0101TB200A0	0101TB250A0	0101TB300A0
Item	Part Name			
1	Fishneck	0101TB20001	0101TB25001	0101TB30001
2	Sleeve	0101TB20002	0101TB25002	0101TB30002
3	Mandrel	0101TB20003	0101TB25003	0101TB30003
Upper Thread Connection		0.938"-10 UN	0.938"-10 UN	1.062"-10 UN
